

JULY 6-13, 2019

THE CAMP FOR ALGORITHMIC AND MATHEMATICAL PLAY

Where: University of New Mexico
Albuquerque, NM

Ages: 9-13 (others by special consideration)
Parents attend with campers.

campersand.org

**C&! is a summer vacation for math kids
organized by grown-up math kids!**

The CAMP for Algorithmic and Mathematical Play is a place for children with a deep love of mathematics and computer science, of thinking and exploring, to come together in a rich environment that exposes students to fundamental concepts with faculty that can provide unlimited depth.

Visit campersand.org to find out more, check out the exploration problems, and join our contact list.

**Bring math books
on vacation?**

**Love logic or
problem-solving?**

**Come to math
camp!**

**Small group
instruction led by
computer science
and math
researchers.**

**Fun activities
surrounded by
other kids who
love mathematics
just like you!**

Campersand is a project of
Campersand Co., a nonprofit
501(c)(3) foundation.
